### SENIOR MEMBER GRADE QUALIFICATIONS

This grade is reserved for those active members in good standing who actively participate and contribute toward the growth of the Society (local as well as international). An applicant for approval as SENIOR MEMBER shall be or have been primarily engaged in the field of flight testing. Additionally, the candidate shall have fulfilled one of the following two sets of criteria:

- a. (1) Active member in good standing for at least 5 consecutive years.
- (2) Held a position as a local or international Society officer or Technical Council Member (or combination thereof) for at least two terms.
- (3) Written and formally presented at least two formal technical papers at a Society symposium or workshop.
- b. (1) Active member in good standing for at least 10 consecutive years.
- (2) Either a.(2) or a.(3) from above.
